In deepest admiration and respect, we, the Annual Staff of 1975, dedicate our yearbook to Mrs. Juanita Parker. She was born on Aug. 6 and was raised on a farm. "She is an excellent cook and homemaker." She started work at M.S.H.S. in 1960. Through 15 years of endless dedication, Mrs. Parker has worked under 4 principals and 2 superintendents. She always gives a helping hand accompanied with a smile. She feels every student is a member of her family; she refers to us as "her kids."

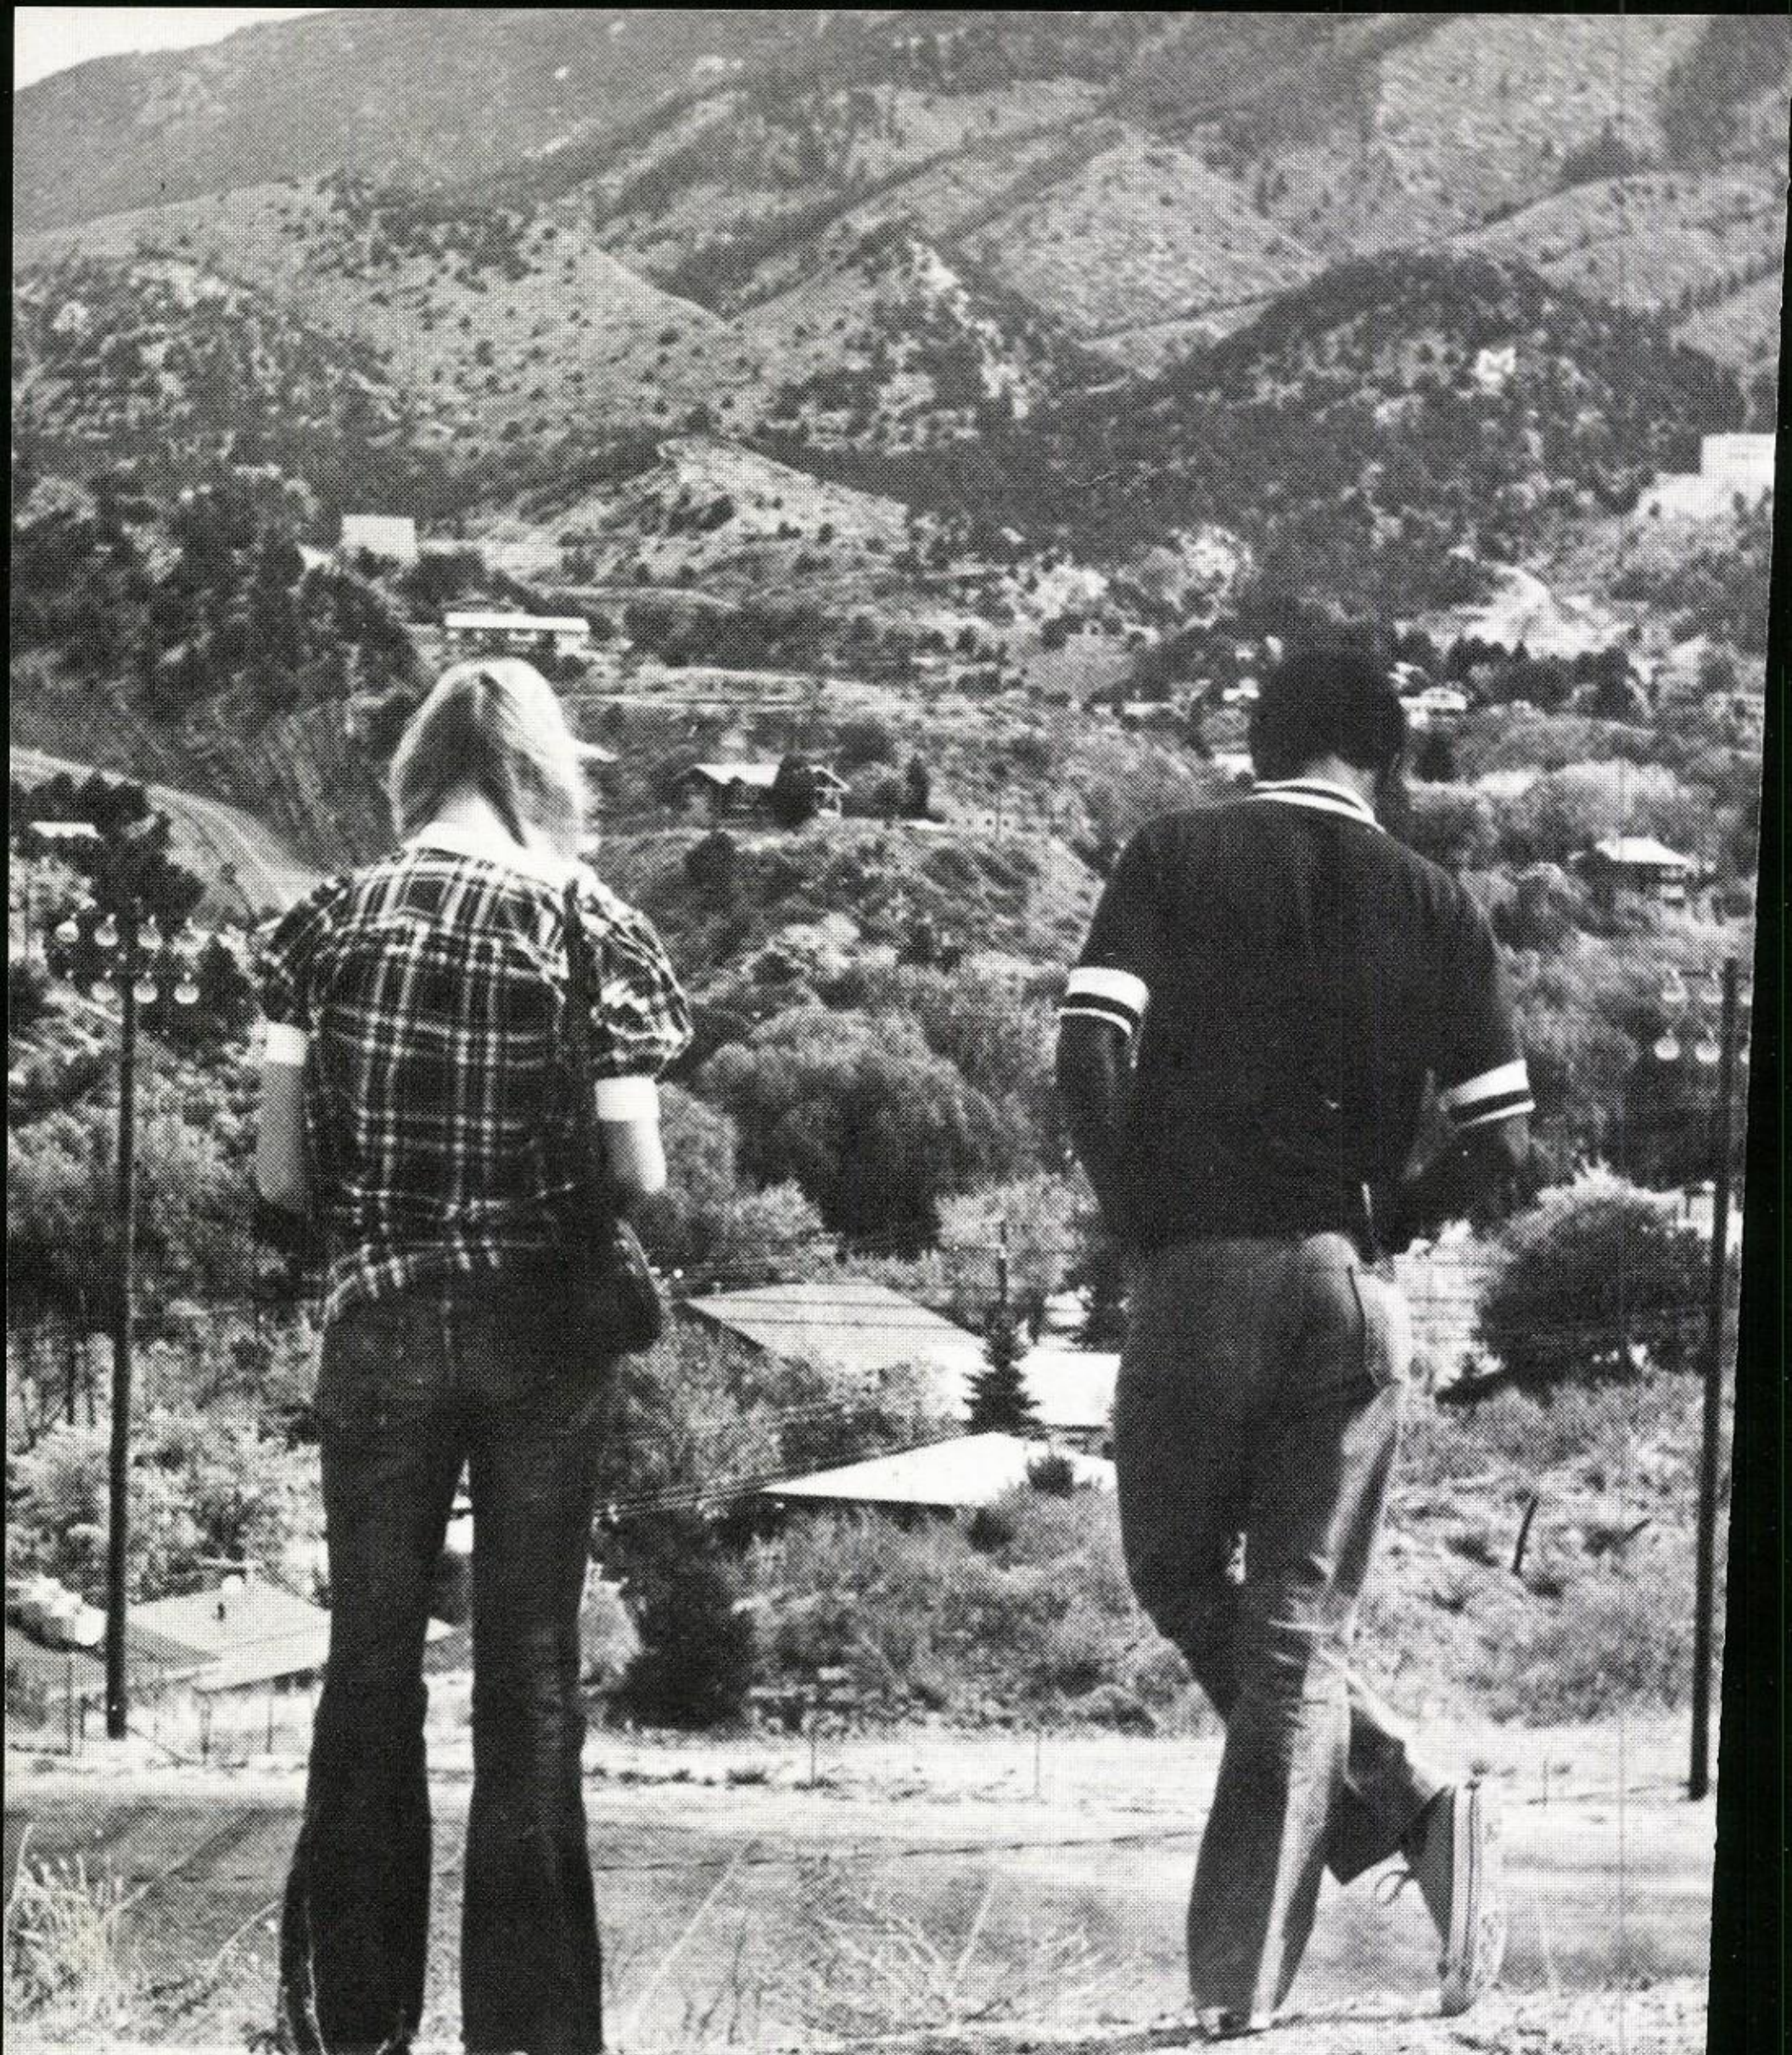

Mrs. Juanita Parker.

Mr. Brown

How can I begin to say thank you
for all you've done? You have shown
me in such a way that I
knew it must be a part of my life.
You have touched so many people in
your three years at Manitou. I'm
glad that you are going on to bigger
and better things, but I still feel
a selfish pang of sorrow because
I'm going to miss you so much. When
I was asked to write a farewell
article to you for the 'Prospector' I had
so much to say - the words just
wouldn't come out right. They don't
now, either. I guess some things are
better said in silence. Please keep
in touch! I hate to write letters, but
I want to write to you and tell you
all about the Institute.

A black and white photograph of a rocky coastline. In the foreground, a large, light-colored rock formation is partially submerged in the water. The water is turbulent, with white foam from crashing waves visible. In the background, more rocks and a dark, forested hillside are visible. HOMECOMING- 1974

On Monday the class competition started. The Student Council invited the eighth grade to participate in the float building. The tension mounted as the bonfire ceremony began. Everyone could tell the players had a lot on their minds.

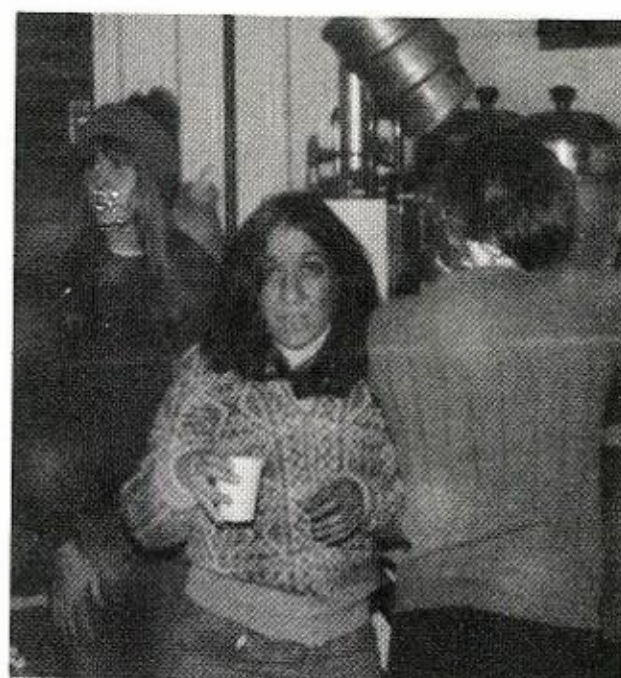

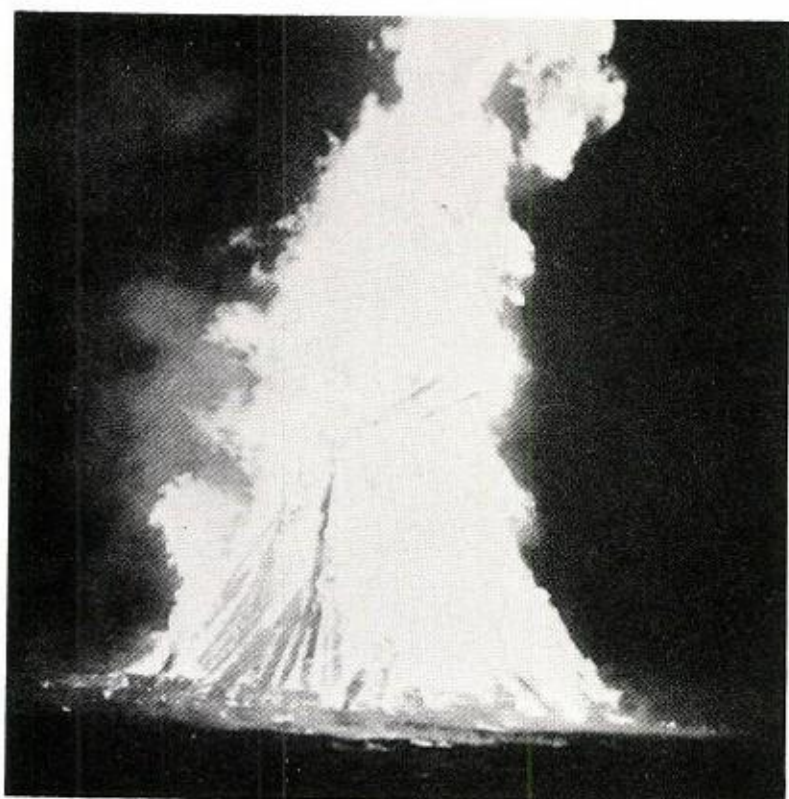

The crowning of the King and Queen took place in the gym. As the Demons went up in flames, the students and parents went wild. Friday morning started out fine; the floats were very well done. The weather looked favorable until game time, when the rain poured. However, the game went on. The score was close down to the wire; all hope was given up by the fans with only minutes left. Rick Moore ran a punt back, but all in vain. The play was called back and Manitou fell short of the Demons 13 to 15.

Well mister brown, your leaving
 you lucky - well any way
 I'm glad your stay here was
 was a memorable one! The school
 learned a lot of lessons from
 you, I know I did! I learned
 that teachers are humans too.
 Which really amazed me (really)!
 Thanks for some good times
 I really enjoyed working with
 ya, especially Charlie Brown.
 Well hope you in the
 future and always be yourself,
 I know you won't forget
 Manitow, its different!

Oh! I have slipped the surly
 bonds of earth
 And danced the skies on laughter-
 silvered wings
 Sunward I've climbed, and joined
 the tumbling mirth
 Of sun-spilt clouds.
 And, while with silent, lifting
 mind I've trod
 The high untrespassed sanctity of
 space
 Put out my hand and touched the
 face of God.

Love Lies Bleeding

You call it, "Love Lies Bleeding," - so you may.

Though the red flower, not prostrate, only drops.

As we have seen it here from day to day from month to month,
like passing not away:

A flower how rich in sadness! Even thus stoops,

Thus leans, with hanging brow, and body bent

Earthward in uncomplaining languishment the dying gladiator.
So, sad flower.

'Tis fancy guide me willing to be led though by a slender thread.

So drooped adonis bathed in sanguine dew of his death- wound,
when he from innocent air.

The gentlest breath of resignation drew;

While Venus in a passion of despair rent weeping over him, her
golden hair spangled with drops of that celestial shower.

She suffered, as immortals sometimes do; but pangs more lasting
than that lover knew who first, weighed down by scorn, in some
lone bower.

Did press this semblance of unpitied smart.

Into the service of his constant heart his own dejection, downcast
flower!

Could share with thine, and gave the mournful name which thou
will over bear.

Dear Friends:

The President has asked me to thank you for your letter. You may be sure he greatly appreciated your interest, but because he receives so many requests to be a patron of various publications it is impossible for him to comply with them. He knows you will understand.

With the President's best wishes.

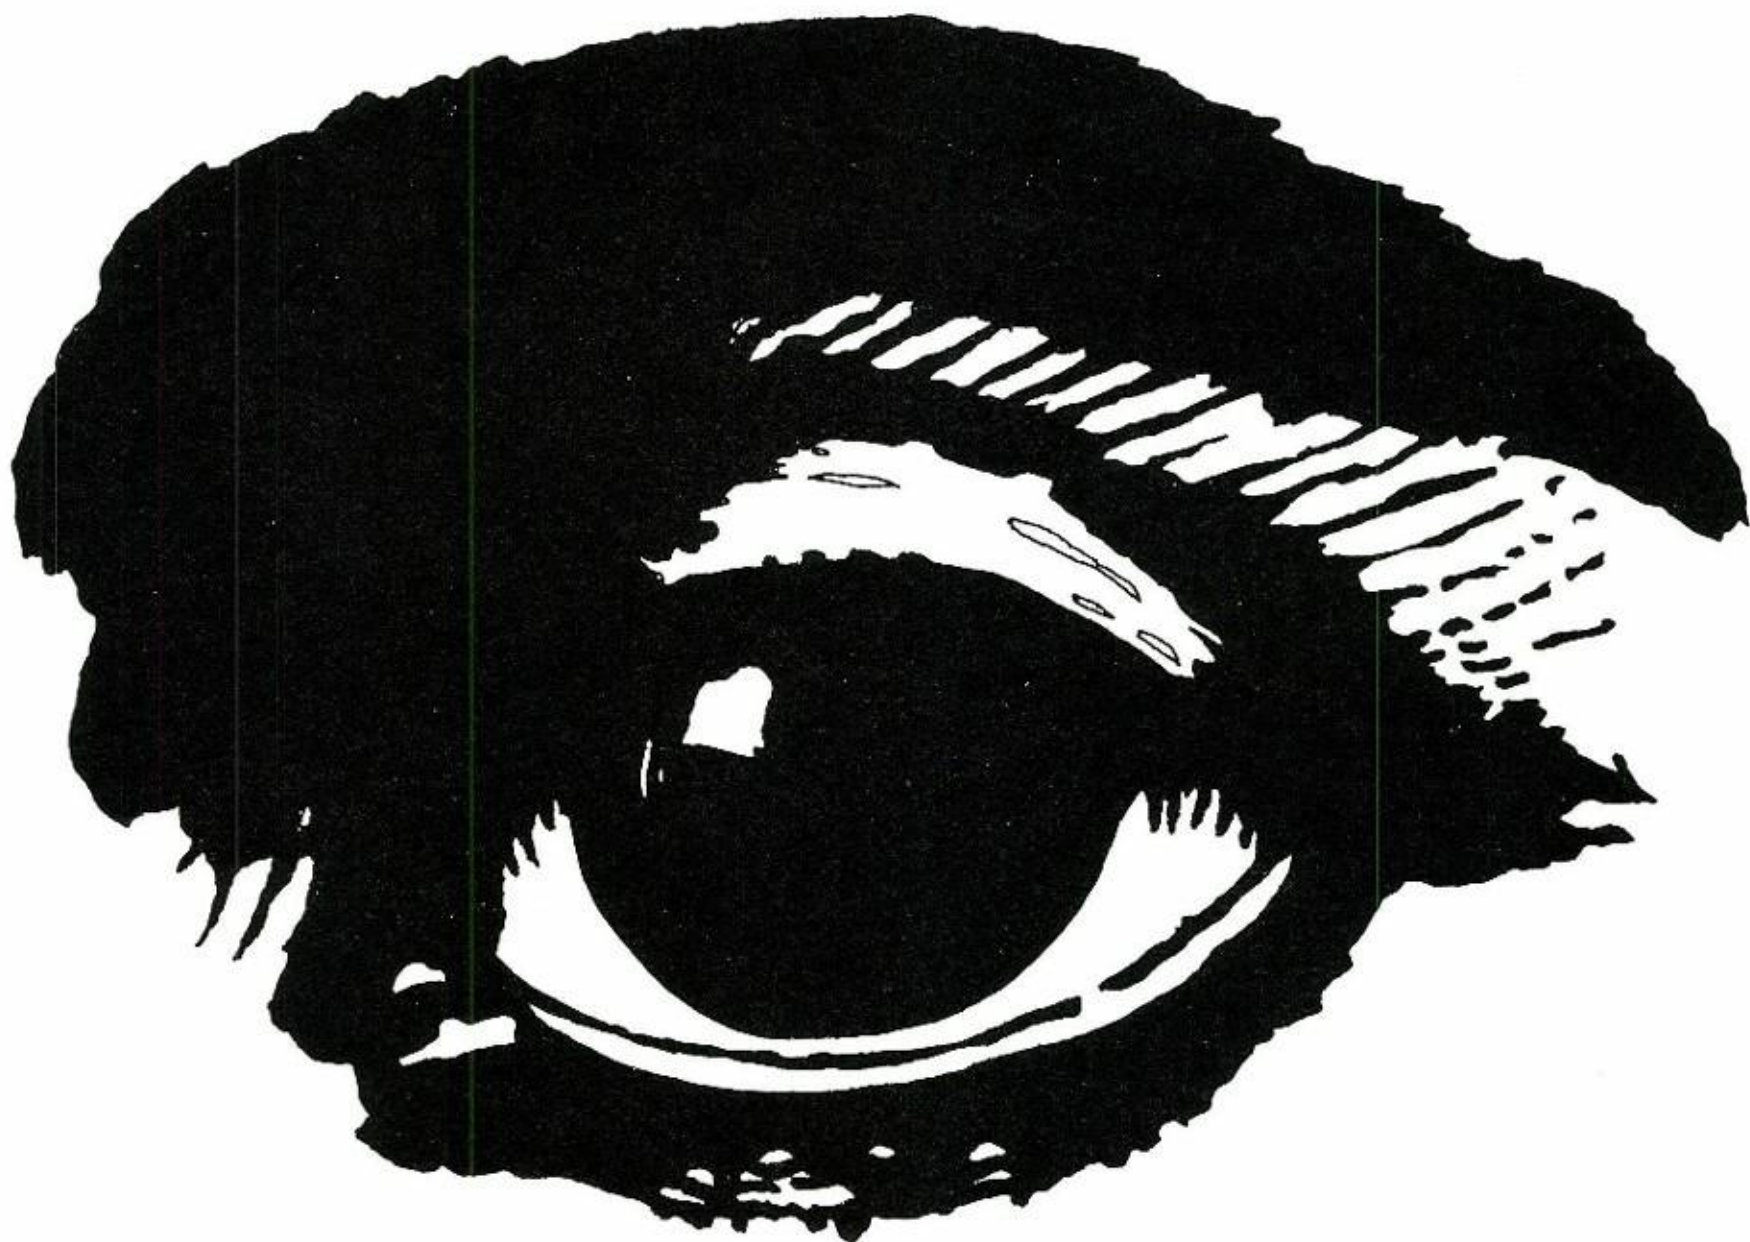

Sincerely,

A handwritten signature in dark ink, appearing to read "Roland L. Elliott". The signature is fluid and cursive, with the first name "Roland" being more prominent and the last name "Elliott" following in a similar style.

ON THE HIGHWAYS OF OUR LIVES,
AND THE EXPRESSWAYS OF OUR DREAMS,
OUR ROADS SHALL ALWAYS INTERTWINE.

A high-contrast black and white photograph of several dandelion seed heads. The seed heads are bright white and fluffy, standing out against a dark, blurred background. The stems are thin and dark. The overall composition is artistic and evocative of late summer.
